Hungarian Society for Immunology

European Complement Network

12th European Meeting on Complement in Human Disease

5th - 8th September 2009

Thermal Hotel Visegrád, Hungary

Dear Partner,

We are delighted to welcome you to the 12th European Meeting on Complement in Human Disease in Visegrád. The conference series "Complement in Human Disease" started from Balatonfüred, Hungary in 1986. After 23 years we have the honour again, to host this successful meeting. We expect the application of colleagues from all over the world, dealing with complement research, who wish to know or perform novelties and new results of this area. Alike in previous conferences in Cardiff or Heidelberg, we would like to offer the opportunity for young researchers to learn at the Teaching Day. The final scientific programme is to be assembled by the leadership of ECN (European Complement Network) based on the abstracts submitted to the conference.

The Hungarian Society for Immunology is proud to host the **12th European Meeting on Complement in Human Disease in Visegrád from 5 to 8 September 2009**. The policy of CHD2009 is to bring together researchers, physicians, laboratory experts, representatives of pharmaceutical and diagnostic companies, working on the field of complement, to discuss the actual challenges, requirements and technology issues for the basic and clinical complement research.

Complement research includes the following areas: **structural biology, biotechnology, biochemistry, immunology, molecular biology**. Since the conference is specially aimed to cover complement related human diseases clinical specialities like **ophthalmology, nephrology, transplantation biology, cardiovascular diseases, immunosuppressive treatments** will be discussed. If your company is interested in the above areas you may certainly benefit from the possibility to meet leading European experts of these fields.

Reasons for exhibiting

As one of the exhibitors at CHD2009 you can present your products and services to a motivated and well informed specialist public from all over the world. Here you can talk directly to experts who can apply your services or have a special interest in using your products. Delegates attending CHD 2009 are mainly senior researchers, directly responsible for development of research projects, specifying and purchasing laboratory diagnostics and equipments. In short, they are your present and new customers.

Your advantages:

- The exhibition will be visited by participants of the Conference it means by your authentic target group from all over Europe.
- The exhibitors have the opportunity to present their exhibits more detailed, and have the opportunity for longer discussion with inquiring visitors – in most cases specialists – than during session discussions.

If you are interested in exhibiting at the Conference we have interesting packages to offer you. Take the opportunity to have your company represented at the exhibition by booking either floor space for your own stand or a fully equipped solution. Diamond Congress Ltd, our partner for the conference and exhibition organisation, offers numerous alternatives for you to promote your business. They will work closely with you to create a distinctive package tailored to your company.

We are looking forward to meeting you in Visegrád in September 2009!

Exhibition Venue

The conference and the adjoining exhibition will be held at Thermal Hotel Visegrád www.thv.hu. The four star superior hotel is located in the scenic Danube Bend beside Visegrád, in the direct vicinity of the famous Lepence open - air bath, provides full convenience and first class services to its guests wishing to have refreshment and rest and looking for an ideal environment. The hotel is equipped with a complete range of conference facilities. Exhibition stands will be located in the coffee break area in front of the session halls and next to the poster room in order to ensure maximum interaction with conference delegates. Lunch place is also to be located in the restaurant next to the exhibition area. WiFi internet access is available around the conference rooms and exhibition venue. As the space for exhibition is limited, the organisers ensure a wider range of sponsorship opportunity so that companies may reach their goals by having sufficient exposure.
